Recommended for all forms of medically diagnosed gluten sensitivities.

Start smart. Beat Gluten to the Punch.

GluteGuard fits into your smart gluten free plan as protection for meals you didn't prepare yourself. One tablet, taken before meals, as a proactive first step.

If gluten finds a way in, we're ready.

When taken before a meal, GluteGuard travels to your small intestine, where it's needed to target and break down gluten that has snuck in before it can cause issues.
